Gentlemen,

I would like to first express my thanks for doing an outstanding job this past weekend on installing the chiller at building 13128. The operation was a huge success due large in part in the professionalism of the crews you had on site. The second order of business is your schedule of values has been approved and is in [REDACTED] control. The last order of business is the new water pump and motor has been installed and we will need you to fill the system starting Monday March 7, 2011 and prepare for start up. Have a great weekend and we will see you MONDAY MORNING.
